

FS Portal Folding Sliding Door Gear

Folding sliding doors are the latest, stylish alternative to french doors or patio doors. They can be fitted to conservatories, patios, roof gardens, balconies or even extensions.

The 2 to 7 pane system allows for greater versatility and a wider opening area than either patio or french doors, increasing the natural light and ventilation.

- Folding sliding fittings for timber, PVCU and aluminium doors and windows
- Top or bottom running with one profile set
- Sturdy track with minimal threshold height
- Low threshold option (for open in only)
- Smooth sliding action provided by 4 wheeled bogies with high precision ball bearings
- Option of 2-7 pane system for versatility
- Complete opening increases natural light and ventilation
- Can be used in conjunction with tilt and turn hardware, offering a secure tilt position for ventilation
- Option of high security multipoint locking
- Option of high security Evolution door hinges
- Option of Mila Pro-Linea door handles in a range of attractive finishes
